

Compose Yourself SIG

[Memoir Writers]

November 2006 Newsletter

The November Monthly Meeting is Monday the 20th at 1:00 in the Sonoran Plaza

Compose Yourself SIG Monthly meetings are the third Monday of the month at 1:00 to 3:00 from Nov – May in the Sonoran Plaza, Palms Room. Guests are welcome for a maximum of three meetings.

Thought of the Day – "The voyage of discovery is not in seeking new landscapes but in having new eyes." —Marcel Proust

Summer 2006 Meeting Report

A recap of attendance for the summer season of Compose Yourself monthly meetings was June: 5, July: 4, August: 3, September: 4 and October: 4. These meetings were held in the PC Club Classroom. No new or old guests were at these meetings. The meetings were beneficial even with the light attendance. November starts the winter season where meetings are to be held in the Sonoran Plaza. With the snowbirds back in town, the attendance is expected to build in the next few months.

At the November 20 meeting, a call for a new volunteer CY SIG Facilitator shall be put before the members.

Next month's meeting is Monday, December 18, 2006 at 1:00 in the Sonoran Plaza.

For Your Consideration

Here is a pay as you go website to help memoir writers. I know you do not need help in your writing but you may know someone that does. You may find something of interest just looking at their website without purchasing services. www.InspirationForWriters.com

Computer Tool Tips – (These are repeats that you may have forgotten)

Enlarge Text with Your Mouse: ‘Ctrl+Mouse Wheel’

Do you use a mouse with a scroll wheel? If you use Internet Explorer, Microsoft Word, or many other Microsoft programs, you can enlarge or shrink the text (magnification) to suit your needs. Simply hold down the **Ctrl** key and scroll the mouse wheel (up to enlarge or zoom in and down to shrink or zoom out).

Keyboard Shortcut: ‘Ctrl+F’

In your browser and Microsoft Word (as well as many other Microsoft programs), there is a feature called **Find**. This feature allows the user to locate a key word you may need to find in a document or on a web page. This can come in handy if you are looking for certain features of a product when shopping online.
